We are a dynamic and innovative service provider focused on the provision and management of contract, permanent and temporary employees.

We service a wide range of industries, across skills levels, throughout South Africa.

We believe in competitive pricing structures and guarantee continuity of Labour Supply.

Taking cognisance of the ever changing labour laws in South Africa, labour is becoming ever more consuming on a company's production time. Therefore, it makes sound sense to partner with an experienced human resource outsourcing partner.

With over 30 years' experience in workforce management, Ubuntu can seamlessly integrate with your management to provide a complete outsourcing solution.

- Running the payroll for all inhouse and outsourced staff including payment to statutory councils PAYE, UIF, SDL, WCA and 3rd party payments
- Administer all employment contracts
- Run all day to day discipline including the running of disciplinary enquiries.
- Dealing with Union Interactions
- Recruitment of all staff
- Dealing with all CCMA matters including conciliations, arbitrations and conarbs.
